Outline

1 Introduction

- 1. There is one question that *always* causes a flame war: Are you a cat person or a dog person?
- 2. While the world is more interconnected than ever, individual isolation is a growing problem.
- 3. People look for companionship in animals; however, it is extremely important to pick the right animal.
- 4. From dogs and cats—two most well-known pets—I believe cats are superior to dogs.

2 Body

- 1. Compared to dogs, cats are more "budget-friendly".
 - (a) Cats require smaller space than dogs \rightarrow space-efficient.
 - (b) General care for cats cost about 15% less than dogs.
- 2. Cats have distinctive and attractive character traits.
 - (a) Unlike dogs, cats love *certain* people.
 - (b) They are more independent, and does not require *constant* attention.
 - (c) Cats live around 2 to 6 years longer than dogs.

3 Conclusion

- 1. In a modern society, cats are more fitting animal to keep in an apartment.
- 2. Those who are looking for an effective mental healthcare method should consider keeping a cat as a pet.
